OUR HISTORY

In 1994 James Patrick Butler purchased El Dorado Ranch in San Felipe, Baja California; turning it into a tourist complex dedicated to the sale of Real Estate focused on recreation, retirement and investment. Design and construction of private homes, condominiums and hotel development, has made our company an attractive asset to investors which have become very interested in San Felipe and its important future as a major tourist destination.

La Ventana del Mar is another of the developments that are actually in their final stages of construction. La Ventana del Mar is a seaside community in San Felipe; it offers 750 residential lots which surround its 18 hole professional golf Course, named Las Caras de Mexico Las Caras del Mexico and 300 Luxurious condominiums.

New investors in the development of Club Habana Resort and SPA, have foreseen a brilliant future in the Timeshare industry in San Felipe. Our investing partners provide insightful knowledge and experience to the Vacation Ownership at Club Habana Resort division. Club Habana Resort and SPA will offer 120 Hotel Units and 48 luxurious Vacation Ownership Condominiums on its first phase, to be completed in 2009.

Club Habana Resort and SPA has been recently upgraded; the piece of land right next to the hotel has been acquired with the purpose of full ownership condominiums development; in order to provide top quality services to guests and owners, it has been necessary to increase the capacity of some facilities such as the lobby, restaurants, bars and SPA areas. Due to these upgrades, we are on our way to finish all the municipality and financial institution permits. We are anxious to finish Club Habana Resort and SPA and hope to have you come over and stay with us on our Grand Opening celebration.
